

## **Enagás, only Spanish company ranked in the Euronext-Vigeo World 120 sustainability index**

- **The index recognises the top 120 listed companies around the world in terms of sustainability performance**

Enagás is the only Spanish company in the Euronext-Vigeo World 120 index, ranking the 120 most sustainable listed companies in the world. This is the third consecutive year that the index has recognised Enagás's environmental, social and corporate governance activities.

The Euronext-Vigeo World 120 index analyses over 330 sustainability indicators; evaluating more than 2,500 listed companies from 175 countries. The companies stand out because of their excellent performance in environmental protection, ethical conduct and contributions to the economic and social development of the communities in which they operate.

Enagás is also included in other sustainability indexes of the assessment agency, Vigeo: Euronext-Vigeo Eurozone 120 and Euronext-Vigeo Europe 120.

This acknowledgement is another milestone in Enagás's commitment to sustainability and the environment.
