

Operating Note n° 4 (Continuation) – 02.04.2018

Exceptional alternative mechanism for constitution of strategic character reserves for campaign 2018-2019

In accordance with the alternative and exceptional mechanism for the constitution of strategic stocks for the 2018-2019 campaign, reported in operation note No. 4 (initial) of March 15, an additional injection capacity of 61 GWh/day has been assigned for the period from April 1st to April 15th, allocated between 24 of the 40 users what are currently operating in the underground storage. This capacity is added to the technical injection capacity, currently valued at 111 GWh/day for the period indicated above.
