

Operating Note n° 6 – 16.03.2018

PARTIAL MOVILIZATION OF THE WINTER RESEVE 2017-2018

In accordance with point 2 of paragraph Five of the Resolución de 27 de noviembre de 2017, de la Dirección General de Política Energética y Minas, which approves the Winter Action Plan for the operation of the gas system, from the day March 17th, 2018 at 6:00h, the maintenance obligation of winter reservation is reduced by one day to all users of the System to whom this obligation applies.

The reason for the liberalization of the winter reserves, is included in section a) of section Five of the aforementioned resolution "Declaration of Cold Wave or Warning of Low Temperatures" having been published by the System Technical Manager through the Operation Note No. 05/2018 of March 15, 2018 where it is so declared.

Thus, **the winter reserve from that day** would be reduced to **stocks equivalent to 1.5 days** of the firm capacity contracted to enter the transport network whose duration is greater than one day, for the supply of the national market, according to what is indicated in the aforementioned Resolution.
