

Operating Note nº 5 – 1.1.2017 (continuation 2)

REGANOSA PLANT UNAVAILABILITY DUE TO ELECTRICAL POWER SUPPLY MAINTENANCE

Thirteen hours ahead of schedule, on January 1st 2018 from 00:00 the first phase of the scheduled shutdown of the Mugaros plant due to the execution of repair work on the electrical supply that feeds said plant was finished, and with it the declared Exceptional Operation Situation

From that moment on the emission to the transport network, tanker loading and reloading and unloading of ships were resumed to a normal state.

Gas supply to the northwest area has been maintained at any time, and the effective application of supply interruptions to any of the consumers located there has not been necessary.

We remind you that linked to this maintenance there is a second stop phase between 7:00 hours on January 5th and 15:00 hours on January 8th, which is pending confirmation based on the weather forecasts for the next days, and will be notified as a continuation of this Operating Note.
