Consultation for GoO Management Procedure

27th June - 15th July 2022

The Technical Manager of the System (GTS) launches a consultation process regardint its Proposal for a Management Procedure applying to the System managing the GoO for renewable gases.

According to RD 376/2022, establishing a system to issue and manage guarantees of origin for renewable gases, the Technical Manager of the Gas System shall submit to Secretaría de Estado de Energía a proposal of a management procedure including at least:

- a) Registration procedure for production facilities.
- b) Definition of the certificate, including expiration, withdrawal and cancelation.
- c) Rights and obligations of the account holders.
- d) Communication procedures applying to market operators and other issuing bodies for guarantees of origin both for electricity and from third countries.
- e) Monitoring procedure for production facilities.
- f) Measurement procedure and procedures for the verification and inspection of measurements, in case of renewable that is not injected into the gas system.
- g) Management procedure for complains and allegations.
- h) Composition and functioning rules of the Committee of subjects of the System of Guarantees of origin of renewable gases.
- i) Rules for modification of the management procedure.

The Technical Manager of the System shall submit the proposal of the management procedure no later than 18th August 2022. This proposal will be subject to a report by the CNMC and a public consultation by the MITERD, as previous steps before its approval by Orden Ministerial.

Nevertheless, with total independence from the public consultation to be officially run by the Ministry once the proposal is submitted, with the purpose of including the input and vision of renewable gas producers and any other stakeholder in this proposal facilitating the development of the necessary IT systems the Technical Manager of the System will carry its own consultation process between 27th June and 15th July.

This consultation will be articulated through the following three elements:

1. First draft Management Procedure. Document subject to consultation.
2. Template for responses. Excel questionnaire including three sheets: identification of the respondent, general comments and change proposals.

The response questionnaire shall be submitted by email to: gdo_gts@enagas.es.

3. "Forms" questionnaire for submission of questions. Click [here](#).

Questions received will be answered by email, collected in a FAQs document, to be uploaded in our consultation page. These doubts were addressed in a specific workshop on the 6th of July.

If you have any question or comments regarding the process, please contact us at gdo_gts@enagas.es.
