

CERTIFICATION

VERTIS Voluntary Carbon Emissions Offsetting
Certificate number: 20190315

DATE OF RETIREMENT

15 March 2019

CARBON OFFSETTING
CERTIFICATE

AWARDED TO

PROJECT NAME

Ciudad Juarez Landfill Gas to Energy (Mexico)
Santa Marta Landfill Gas Capture (Chile)
Loma Los Colorados Landfill Gas (Chile)
Cordillera Azul National Park REDD+ (Peru)

VOLUME OF OFFSETS RETIRED

26.836 tCO2e

PERIOD

1.1.2018 - 31.12.2018

OFFSET STANDARD AND TYPE

VCS REDD, CDM CER and GS VER

RETIREMENT OF THE CREDITS DONE BY

Vertis Environmental Finance Ltd.

EMISSIONS CONSIDERED

Plantas (Barcelona, Cartagena y Huelva): 24.869tCO2e
Flota vehículos: 1.472 tCO2e
Sede: 495 tCO2e

Voluntary carbon offsetting scheme allows individuals and companies to invest in environmental projects around the world in order to balance out their own carbon footprints.

"We are the first generation that can end poverty, and the last generation that can take steps to avoid the worst impacts of climate change."

United Nations Secretary-General Ban Ki-moon
